Sewang Wholesale Fit

Draft Beer

chi-maek = the #1 dining combo
#chicken = top draft keyword

Why watch it — popular chicken brand Goobne pairs chicken + draft in one “Beer Pub,” newly opened by Sookmyung campus. “Chi-maek” tops PART 01's draft keywords — **chicken = draft's best pairing**. Sewang supplies it directly.

Sewang Wholesale Fit

New Sewang account — draft-order priority — Cass · Kelly · Terra kegs delivered directly. Pre-expand +20–30% for summer peak · add 1 bottled non-alc · “chi-maek” pairing POP.

ABSOLUTE-PRICE SIGNAL

₩990 · ₩1,900

chicken wings ₩990
draft beer ₩1,900

Why it took off — Saengmacha, once centered on youth districts (Hongdae · Gangnam), reopened Geoyeo as its first standard testbed for entering **neighborhood markets**. A mixed district of Geoyeo · Macheon new-town residents + Line 5 commuters. The absolute-price signal of “₩990 wings · ₩1,900 draft” works powerfully even locally — validating a new operating model for **dense housing + commuter traffic + family guests**.

Sewang Wholesale Fit

Neighborhood Korean-pub order model — draft kegs (Hite · Cass) as the main + soju (Chamisul · Saero) pairing + 1 bottled non-alc to also capture families and drivers. Lunch sets / takeout can further lift ticket size.

SALES MIX (JUN)

Beer 72%

draft dominates
soju 16% · whisky 6%

Success points — just before June, greatly expanded Cass draft keg orders for the season. **Cass draft alone took ~70%** of June sales, precisely capturing peak-season turnover. Reinforced ticket size with a Suntory draft promo lineup and Chamisul · Saero (16%) pairing.

Takeaway

Meat house + seasonal draft = the textbook play · expand keg orders +20–30% by mid-June (same as the PART 01 action). Adding 1 bottled non-alc (Hite ZERO) also captures drivers — Sewang supplies kegs + non-alc together.

Balvenie · Dalmore · Don Julio
· The Glenlivet premium line

Success points — Balvenie 12/16, Dalmore 15, The Glenlivet 15 and more: **4 single-malt premium whiskies driving together**, lifting the whole store via high-unit-price whisky sales. Multi-tier menus (signature highball · neat · on-the-rocks) reinforced ticket size. A precise application of the PART 02 trend (bottle/glass whisky-base signatures).

Takeaway

Whisky bar = a unit-price driver category · 3–5 premium single malts + signature highball menu = ticket size ↑ ↑ . Sewang supplies small-lot, multi-label curation (Balvenie · Dalmore · Macallan, etc.) and helps design a house signature highball kit (store name + whisky + tonic).
